

METRO LOS ANGELES

The Reality

A report of child abuse is made every **10** seconds

5 children die every day from abuse and neglect

33% of reported child abuse cases involve children under age 5

How We Prevent Child Abuse

Strengthen Families & Communities

Prevention Programs & Services

- **Focus on Families with children birth to five years and serving children up to 18 years of age**
Child development, parent education, home visitation, infant health, parents and children's support groups
- **Family Resource Centers**
Family friendly, community-based collaboratives with the capacity to provide on-site access to comprehensive prevention and treatment services
- **Family Support**
Address the specific needs of refugee children, immigrant families, parents, relative caregivers, childcare, youth after school and linkage to local community resources

Behavioral Health Services

Our Behavioral Health goal is to assist children and their families to better improve their mental health by focusing on improving family relations, assisting children to be successful in their school community, and helping children feel positive about themselves.

- **Individual and Family Therapy, Parent Education via Outpatient Services, Wraparound and Day Treatment Program**
- **FSP** (Full-Service Partnership)
- **IFCCS** (Intensive Field Capable Clinical Services)
- **MAT** (Multidisciplinary Assessment Team)
- **TBS** (Therapeutic Behavioral Services)

Family Foster Care & Adoption

Works to strengthen children and youth who are part of the foster care system while providing support and resources to families who want to adopt through the foster care system. Our team works in partnership with caregivers, resource parents, relatives, and support systems to ensure children move toward permanency.

Family Foster Care & Adoption (continued)

- **Adoption Promotion and Support Services**
- **Foster Care and Foster-Adopt**
- **Private Adoption Home Study Program**
- **Relative Support Services**
- **Resource Parent Recruitment and Training**

Place-Based Strategies

Place-based work focuses on a specific geographical area to address the physical, social, structural, and economic conditions of a community that affect the well-being of children, families and individuals who reside there. The intent is to create a movement and authentically engage community members so their wisdom and lived experience can help develop local solutions to some of the challenges that exist within the communities.
