

BUILDING TOMORROW TODAY

All For Kids is working to ensure every child can grow up safe, strong, and supported.

Through Positive Prevention, we're strengthening families and communities to stop challenges before they arrive.

Agency Facts

70,000+
children and families
served annually

14 community
sites in
Los Angeles
and Orange Counties

\$63.5
million annual
operating budget

Prevention is not just a strategy—it's our commitment to every child and family we serve. At **All For Kids**, we focus on supporting families before challenges arise, equipping them with the tools they need to thrive. Positive Prevention means providing families with the support they need before crises occur, ensuring children grow up safe, strong, and connected. Our storied history and years of accomplishments demonstrate how our prevention-first approach helps families build a brighter, safer future.

How We Make an Impact

Empower Families — Helping parents build strong, supportive relationships.

Family Resource Centers — Strategically placed hubs for essential services & support.

Home Visitation — One on one guidance for child development & family well-being.

Parent Education — Workshops and coaching for caregivers.

Enhance Behavioral Health — Strengthening emotional & mental well-being.

Therapy & Counseling — Individual and family mental health services.

Wraparound Support — Coordinated care for complex needs.

Day Treatment — Intensive support for children.

Facilitate Safe & Loving Homes — Connecting children with stable families.

Foster & Adoption Services — Matching children with nurturing caregivers.

Resource Parent Training — Preparing foster and adoptive parents.

Post-Adoption Support — Ongoing guidance for adoptive families.

Build Community Capacity — Equipping organizations and partners to drive prevention where it's needed most.

Collaborative Networks — Uniting residents, businesses, and nonprofits for lasting change.

Training & Technical Assistance — Helping nonprofits, agencies, and community groups develop and implement research-based, trauma-informed solutions.

Advocate for Prevention — Advancing policies protecting children & families.

Policy & Systems Change — Promoting prevention-focused laws and funding.

Public Awareness — Educating communities on child well-being.

Vision

Children **thriving** in
strong **families**
and **connected**
communities

Mission

Nurture child well-being,
through **prevention**,
collaboration, and
compassion

Guided by **H.E.A.R.T.** (our proprietary equity-driven and values-based culture) we foster environments where **healing**, **equity**, **access**, **resilience oriented**, **trauma-informed care** for children, families, and the people who support them.
