

2025 Policy Agenda Year-in-Review

Each year, All For Kids supports a slate of bills and budget positions designed to build momentum around more prevention. **Looking back on the year, we are proud of our efforts to safeguard critical state programs that prevent abuse and nurture child well-being.**

Advocacy Overview - California

- 👍 **Boosted childcare and preschool capacity**
- 👍 **Secured longer-running early development programs**
- 👍 **Protected the family crisis intervention hotline**
- 👍 **Supported Foster Family Agencies dealing with rising costs**
- 👍 **Improved training to better connect families with supports**

However, we are disheartened by actions at the federal level that will further destabilize our most vulnerable families.

Advocacy Overview - Federal

- 🗨️ **Massive reductions in Medicaid and children's mental healthcare**
- 🗨️ **Bureaucratic red tape separating eligible families from benefits**
- 🗨️ **Damaging cutbacks to food assistance programs**

As we move towards the coming year – the voices of those fighting for a world where every child is safe to grow are needed now more than ever. Please visit allforkids.org/advocacy for effective advocacy tools and links to contact your local elected officials.
